## They are Singing our Praises

*"The Hotel Monteleone's service is unmatched!!!! Anything that I needed, someone was there. They were on time and there were many comments that this was the best meeting people had been to due to this service. I remember even starting to get emotional during the banquet because I had never had a meeting that ran as smoothly as this one did. Not only was my caterer checking on me frequently, but so was the banquet managers, the AV person, even the chef came out and made sure everything was going well. I can honestly say that this meeting was the smoothest meeting that I have EVER run."*

*"I wanted to let you know what a wonderful time we had at the Hotel Monteleone. Not only is the hotel itself a pleasant place to be but the staff make it all that more welcoming. To say it was a pleasure to work with you is not enough. From day one, you made my job effortless. Your response time, attention to detail, professionalism was something that I have not experienced before with a Conference Manager. The meeting attendees were very pleased with the hotel, food and service they received. They thanked me for all of the coordination and I have to pass on my thanks to you and the staff above as you all assisted in this effort as well."*
